11:00 - 13:00 H

INAM Next Generation

Pioneering Research in Advanced Materials

SCHEDULE

11:00 - 11:15 **Welcome**

11:15 - 13:00 **Speakers**

Ignacio Sanjuán Moltó

"Advanced Electrochemical Devices for Unconventional Computing Technologies"

Sofia Masi

"Bridging Stability and Functionality in Perovskite Solar Cells for Sustainable Photovoltaic"

Sergio Gonell

"Design of Transition Metal Bis-carbene Catalysts for the Development of Sustainable Processes."

Katarzyna Swiderek

"Simulating the Chemistry of Life: Multiscale Modeling of Enzymatic"

13:00

Cocktail
